

Functional cosmetics
for the beauty of your skin

The logo for SLS Science for Skin. It features the letters 'SLS' in a large, stylized, dark blue font. The 'S' on the left and the 'S' on the right are connected to a central horizontal line that extends to the right. Below this, the words 'science for skin' are written in a smaller, lowercase, dark blue font.

SLS
science for skin

company profile

We formulate, we produce, we commercialize anti age, wrinkle cosmetics for visage and for the body with natural and technological ingredients that create formulations with a very important derma affinity and efficacy tested.

We study and research the more innovative and performer ingredients that industry today makes available.

Constant quality control in every moment of production allows us to obtain formulations stable, safe and performing in the time.

Our company is in Turin and the productive unit also.

Jalacyn cosmeceutical is our brand and the respect of the tradition, nature that supports technology, eco- compatibility and sustainable formulations are our values.
